# BARN CATS AVAILABLE

## Ideal residents for stables or barns

Forgotten Cats, Inc. ([www.forgottencats.org](http://www.forgottencats.org)) is a local non-profit organization with the mission to reduce the unwanted cat population without killing, and to stop the suffering of the thousands of kittens born to abandoned, homeless cats.

We have cats that are not very socialized but would make excellent mousers in a barn environment. All cats needing barn placement have been sterilized, and have received distemper and rabies inoculations. All they now need are places where they can live out the rest of their lives.

Caretaker responsibilities include providing daily food and water, protection from the elements, and long-term veterinary care.

If you are interested in accepting one or more of these cats please contact John from Forgotten Cats, Inc. at (302) 475-3282. Guidance and help will be provided during the relocation process.
