

FREE Spay & Neuter

for outdoor feral/stray cats in Sussex County, DE.

A grant provided by PetSmart Charities® will help continue spay and neuter efforts in Sussex County, Delaware. Forgotten Cats, a nonprofit cat rescue organization, is now offering a FREE program to sterilize outdoor cats. The program includes humane trapping of outdoor cats, transportation, spay/neuter and vaccination services by a licensed veterinarian, and transportation back to their original location. This program is designed to reduce cat over population by eliminating the birth of homeless kittens. It will help keep cats healthy and reduce nuisance issues caused by unaltered cats.

Forgotten Cats, Inc.

How can YOU help with this program?

- **JUST CALL-** Contact Forgotten Cats if you know of a stray or feral cat that needs to be spayed/neutered
- Forward this flyer on to others to spread the word
